PHCA has many Shopping Cards in-stock!

"What does this mean to you?" you ask.

Well, using shopping cards can help you stick to a budget.

If you buy gas . . . we carry BP, Get-Go, Marathon, Shell, and Speedway cards on-hand.

If you ever stop for fast food or go out to a restaurant . . . you could pick up cards here first.

If you buy groceries at Giant Eagle, Heinen's, Acme, or GFS . . . we have grocery cards too.

If you shop at a department store, home improvement store, specialty store . . . many cards are on-hand and available today.

What does this mean to PHCA?

Your partnership in helping us Prepare Children for His Service is invaluable. It is your prayer and support, that help fill the gap between tuition and the cost of running a Blue Ribbon school.

If you've never used this program, here's how it works: You simply buy your shopping/gift cards from the Academy first, then you go to the store to buy what you were already planning to buy. The Academy is supported by the portion of your consumer dollars donated by that store.

Cards for this **ongoing** fundraiser are available Sundays between services at the Academy table in the glass walkway and Monday-Friday in the Academy office.

Here is our challenge to you:

Look over this list and find just one business you frequent. Then look at the percentage (in parenthesis) and profit that the company donates to the Academy when you use their gift cards. Prayerfully consider making a commitment to only go there when you have our shopping cards in your wallet. Only with your help will we achieve our \$20,000 goal each year.

**Thank you for supporting
PHCA.**
